

MARION LEBEAU

Engineering student on a gap year · IMT Atlantique

6-month internship in materials — Feb. 2027 to Jul. 2027

✉ marion.lebeau@imt-atlantique.net · ☎ +33 6 07 84 07 44 · in Marion LEBEAU · 📁 Portfolio · 🚗 Driving license

Currently on a gap year completing an M2 in Materials Science and Engineering at Nancy ECM, I am looking for a **6-month internship** in materials processing, characterisation, or ecodesign / LCA, **in an industrial setting**. My involvement in associations and the military has helped me develop **rigour**, **teamwork**, and a strong sense of responsibility.

EDUCATION

ongoing	M2 Materials Science and Engineering Nancy ECM, Université de Lorraine SEM, XRD, IR/FTIR, mechanical testing
ongoing	General Engineering Degree IMT Atlantique Energy, thermics, numerical modelling
2023–2024	BSc Materials & Energy Université Picardie Jules Verne Characterisation, heat transfer
2022–2023	L2 CUPGE Mechanical Engineering Université Toulouse III
2021–2022	Preparatory Class MPSI Lycée Militaire d'Autun

STUDENT INVOLVEMENT

Events & Integration Team – Sports Office, IMT
Feb. 2025–Feb. 2026 · Parasports tournament (600 participants), inter-school charity events

Treasurer – Student Federation, IMT
Feb. 2025–Feb. 2026 · 13 student associations (Nantes, Rennes, Brest), €500K budget

TECHNICAL SKILLS

Python · Java · SQL · HTML/CSS · AutoCAD
Fusion 360 · MATLAB · Apollo2/3 · SERPENT
Excel · LaTeX

Tensile · Vickers · Flexural · Impact · SEM
XRD · IR/FTIR · DSC

INTERESTS

Football (15 years) – Regional level
Triathlon – in training
Pilot license – 40 flight hours
Lego, board games

PROFESSIONAL EXPERIENCE

Neutronics Engineering Intern

CEA Cadarache · Mar.–Aug. 2026
Validated lattice calculation scheme delivered
Core model developed, validation in progress

Automotive Mechanic Intern

Garage SAX'Auto · Jun.–Jul. 2025
Maintenance and assembly/disassembly of combustion engines

Military Reservist

Ministry of Armed Forces · since Jul. 2021
National Gendarmerie (2025–): territorial and coastal surveillance
Air and Space Force (2021–2025): op. Sentinelle, Paris 2024 Olympics

PROJECTS

Low-carbon propulsion – maritime sector 2030

IMT Atlantique · 2025
Market analysis of marine and industrial propulsion systems → roadmap and financing plan to 2030 delivered to Grondin Marine and eHevo Motors

Low-tech wind turbine

IMT Atlantique · 2025
Sizing and construction of a Piggott wind turbine → blade built and tested

Solar irradiance sensor

IMT Atlantique · 2024
Design and programming of a low-cost sensor → functional prototype measuring solar irradiance

Bioclimatic earth-sheltered house

UPJV · 2023
Thermal modelling of an underground bioclimatic habitat → scale model built and presented before a jury

LANGUAGES & CERTIFICATIONS

English B2 · German A2 · Spanish B1

Light Aircraft Pilot License (since 2020) – Aéroclub Beauvais-Tillé

Swimming Supervision Certificate (2024) – Amiens Sauvetage

Aeronautics Initiation Certificate (2021) – Lycée Marie Curie
