Driving licence

Engineering student at IMT Atlantique seeking a **6-month international internship** (Sept. 2026 – Feb. 2027) to apply my skills in **energy engineering**. My associative and military experience has strengthened my discipline, **team spirit**, and sense of responsibility.

EDUCATION

General Engineering Degree – IMT Atlantique (2024 – 2027, Nantes, France)

- > Specialization in **materials, energy and nuclear engineering**: material behavior, thermal modelling, safety and facility management.

Bachelor's Degree in Materials & Energy – Université Picardie Jules Verne (2023 – 2024, Amiens)

- > Development of skills in **material characterization**, heat transfer, fluid mechanics and energy conversion.

Selective Undergraduate Preparatory Program (CUPGE) in Mechanics – Université Toulouse III (2022 – 2023, Toulouse)

- > Strong foundations in **mechanics**, thermics, electromagnetism and physical modelling.

CPGE MPSI – Lycée Militaire d'Autun (2021 – 2022, Autun)

- > Commando training and military field experience (French Army).

COMPLETED PROJECTS

Bioclimatic Earth-Sheltered House (2023 – UPJV)
Sustainable housing project including thermal analysis and modelling, presented before a jury.

Solar Irradiance Sensor (2024 – IMT Atlantique)
Design and programming of a low-cost sensor, resulting in a functional prototype.

Low-Tech Wind Turbine (2025 – IMT Atlantique)
Sizing and design of a low-cost wind turbine for renewable energy production.

Study on Decarbonized Powertrains for Marine and Industrial Sectors by 2030 (2025 – IMT Atlantique)
Market analysis and development of a business plan to support a sustainable energy transition.

TECHNICAL SKILLS

Programming Python, Java, SQL, HTML, CSS

Modelling MATLAB, AutoCAD, Fusion 360

Office Tools Excel, LaTeX

Numerical Simulations SERPENT

Experimental Skills Mechanical testing, material characterization

CERTIFICATIONS

- Light Aircraft Pilot License (LAPL) (since 2020)
• Aéroclub Beauvais-Tillé

- Lifeguard Swimming Supervisor Certificate (2024)
• Amiens Sauvetage

- Aeronautics Initiation Certificate (2021)
• Lycée Marie Curie

PROFESSIONAL EXPERIENCE

Front Desk Host – Zénith de Nantes (since Sept. 2025, Pays de la Loire)

- Managed public reception and flow coordination

Operational Reservist – French Gendarmerie (since Apr. 2025, Pays de la Loire)

- Conducted patrols in high-pressure environments

Automotive Mechanic Intern – Garage SAX'Auto (June–July 2025, La Chapelle-de-Guinchay)

- Performed basic maintenance and assembled/disassembled combustion engines

Operational Reservist – French Air and Space Force (July 2021 – Apr. 2025, Creil)

- Participated in Operation Sentinelle (2024 Olympics) and provided administrative and chancery support

Tutoring Instructor – AESA Sciences Amiens (2024, Amiens)

- Led tutorial sessions for first-year students

ASSOCIATIVE INVOLVEMENT

Member – Events Team – Sports Office (BDS), IMT Atlantique (since Feb. 2025, Nantes)

- Developing inclusive and inter-school projects (parasport tournament, charity events)

- Managing social media and partnerships

Treasurer – Fédération des associations, IMT Atlantique (since Feb. 2025, Nantes)

- Coordinating the treasury of 11 student associations (Nantes, Rennes, Brest)

- Monitoring financial flows and budget forecasts

LANGUAGES

French – Native
English – Intermediate (TOEIC 775/995)

German – A2 level (Goethe – 2018)

Spanish – A2 level (2025)

INTERESTS

- Football (16 years) – Regional level
- Sports refereeing (5 years) – Departmental level
- Rugby (1 year) – University level
